Welcome To The Joint Regional Seminar 2019

Joint Regional Seminar 2019

OBJECTIVE

The Joint Regional Seminar (JRS) is an annual event co-organized by the Institute & Faculty of Actuaries, Actuaries Institute Australia and Society of Actuaries with the support of the local actuarial societies in the region. It is designed to assist actuaries and other professionals in meeting their CPD requirements. The JRS Organising Committee & Persatuan Aktuaris Indonesia are pleased to be once again hosting the JRS, which will take place on 31 July August 2019 in Jakarta.

THE SEMINAR

In today's dynamic business landscape, insurance companies are facing more than ever critical changes and evolving risks. The industry is undergoing significant regulatory changes with respect to financial reporting standards, capital requirements and supervisory framework. Most notably, the new International Financial Reporting Standard 17 (IFRS 17) will impact on the revenue recognition, data, systems and processes, among many others. A number of regulators are also either introducing risk-based capital (RBC) or revisiting their existing RBC framework. While insurers are relentlessly cracking the new regulatory changes, the business environment continues to be rapidly changing with the emerging trends and demographic shift, including longer life expectancy, ageing population, changing habits and behaviors. Actuaries are playing an increasingly important role in dealing with these challenges and turn them into competitive advantages. Hence the theme of this year's JRS is "**Changing Environment, Emerging Trends and Evolving Regulations – Deja Vu or Crystal Gazing?**"

The key topics in the Jakarta JRS are:

- Transforming group insurance - enhance sales process, innovate business model and enable advanced analytics (by Ernst & Young)
- Services innovation & platform construction in overseas medical treatment (by Partner Re)
- The evolving landscape of genetics and insurance (by SCOR)
- Comparative analysis of Asia's life insurance capital regimes and implications (by Milliman)

and more...

CPD

The Joint Regional Seminar qualifies for (Actuaries Institute Australia / IFoA / SOA / PAI) Continuing Professional Development (CPD). Actuarial members may find it a useful contribution to their personal professional development. A maximum of 5.3 CPD hours* can be claimed from the Jakarta JRS. The amount of hours recorded is left to the discretion of the individual.

** 1 CPD hour = 60 minutes*

Speaker Profiles

Joint Regional Seminar 2019

Dustin Ball
Partner, Asia-Pacific Insurance Transactions Leader
EY

Dustin Ball is a partner and the EY Asia-Pacific Insurance Transactions Leader for Transaction Advisory Services bringing a full range of services to insurance clients of EY firms in Asia. He brings years of experience in strategy development, M&A, market entry, distribution channel transformation, partnerships, joint ventures and portfolio optimization.

Based in Hong Kong, Dustin has been living and working in Asia since 2004. Prior to joining EY, Dustin was the CEO of BIDV MetLife, a joint venture between MetLife and BIDV in Vietnam. He led the formation of the joint venture, licensing and start-up of the company, and then served as CEO until 2016.

Before working at BIDV MetLife, Dustin was the Asia-Pacific head of strategic development for several leading multinational insurers, where he was responsible for overseeing mergers and acquisitions in Asia, as well as developing new market-entry strategies.

Dustin holds a Bachelor of Science in Chemical Engineering from the New Jersey Institute of Technology and an MBA in Finance and International Business from New York University's Leonard N. Stern School of Business.
