

KONFERENSI TAHUNAN PAI 2016

TANTANGAN PROFESIONALISME

Masyarakat Ekonomi Asean (MEA) telah dimulai tahun ini. Setiap bidang profesi sangat membutuhkan sumber daya manusia (SDM) yang handal dan profesional, tidak terkecuali bidang Aktuaria. Persatuan Aktuaris Indonesia sebagai wadah organisasi profesi bidang aktuaria harus lebih cepat menyiapkan diri. Dukungan Otoritas Jasa Keuangan (OJK) kepada profesi Aktuaris sudah nyata dan program 1000 Aktuaris akan menjadi inspirasi organisasi untuk cepat berkembang. Kementerian keuangan akan segera terbit Peraturan Menteri Keuangan (PMK) tentang Profesi Aktuaris, hal ini menunjukkan profesi Aktuaris semakin nyata diakui pemerintah sebagai profesi yang penting di sektor jasa keuangan.

Perkembangan bidang Aktuaria saat ini bukan saja di Industri Asuransi jiwa, manfaat karyawan dan dana pensiun tetapi sudah mulai berkiprah di Industri Asuransi Umum dan Jaminan Sosial. Perkembangan ini merupakan tantangan besar Aktuaris untuk dapat menguasai bidang baru ini. Oleh karena itu kami di bidang pengembangan profesionalisme mengadakan konferensi tahunan PAI 2016 dengan topik TANTANGAN PROFESIONALISME.

Konferensi ini menjadi wadah anggota untuk meningkatkan pengetahuan dan wawasan global dibidang aktuaria dan bidang ilmu terkait lainnya. Kami mengajak segenap insan aktuaria di Indonesia untuk menghadiri konferensi tahunan PAI yang akan diselenggarakan pada tanggal 19 dan 20 Oktober 2016 di Jakarta. Semangat terus membangun SDM tidak boleh berhenti, mari bersama sama mengembangkan diri untuk kemajuan bangsa.

DAVID WRIARTH -
MUNICH RE

IWAN JUWONO -
MILLIMAN

ROBERTO MALATTIA

Rob joined Willis Towers Watson (WTW) in April 2013 and prior to joining WTW worked for two primary global insurance companies in a number of senior actuarial roles in London and Italy.

He brings almost 15 years of experience in the insurance industry and he has provided support and consultancy services to insurance companies in around 25 countries worldwide.

He has performed a wide range of actuarial services from reserving and pricing to capital optimisation and Enterprise Risk Management. Rob's key area of specialism is on ratemaking, portfolio management, product design and Usage Based Insurance.

Rob is Fellow member of the Institute of Actuaries in the UK, Singapore Actuarial Society, Actuarial Society of Malaysia, Actuarial Society of Thailand and Actuarial Society of Hong Kong and he holds a Master in Insurance and Risk Management.

DAVID WRIGHT

David Wright is the Head of Life Product Development for Southeast Asia, South Asia and GCC having joined the Singapore team from Munich Re Australia in September 2013. David is responsible for new product development throughout the region and the Best Doctors Services proposition that has now been launched in 6 markets during the past 12 months.

Before joining the Singapore team, David was a Business Consultant in the Client Solutions team specializing in product development before working in Research and Development area where he was the Senior Research Proposition Specialist, responsible for the development of new products and client propositions.

David is a Life Risk management specialist with 25 years experience in the life insurance industry. This includes various executive direct office roles including Head of Product Development and Reinsurance Strategy across a multi-distribution insurer, claims, underwriting and operations management. David has been involved in a number of global Industry related initiatives including Australia's Financial Services Council's Protection Gap and legislative reviews of the Insurance Contract Act and Anti-Discrimination Act in different markets.

IWAN JUWONO

Iwan is a Consulting Actuary based in Milliman's South East Asia practice. He supports insurance and ERM projects in South East Asia. He joined the firm in 2015

Prior to Milliman, Iwan was a management consultant & actuary in KPMG London for 4 years, where he specialised in financial & stochastic modelling, M&A, and insurance business strategy. Previous assignments include:

- Business planning for a new Indonesian insurance start-up;
- Restructuring of an Indonesian life insurance company;
- Reviews of various Indonesian Laporan Aktuaris;
- Profitability benchmarking of Indonesian products;
- A Solvency II modelling engagement for one of the UK's leading life insurers;
- Strategic review of the implications of 2013 UK Pensions Reform for a large UK Life insurer;
- Estimating operational synergies for a potential merger between two UK closed book life insurers;
- Interim Risk & Controls manager for a mid-sized UK life insurer;
- Capital modelling & investment analysis of alternative assets including equity release, social housing, residential/commercial mortgages & infrastructure loans;
- Valuation of guarantees associated with variable annuity contracts for a large US insurer;
- Modelling of operational risk for a mid-sized UK insurer;
- Modelling of longevity swaps for a mid-sized UK insurer

Iwan is a co-author of Milliman's annual Asia Embedded Value report, and is also a regular speaker at insurance conferences in South East Asia. He most recently spoke at the Asia Life Summit, Singapore ERM Conference, Singapore Life Conference, the Prudential ERM conference. In addition to his insurance experience, Iwan was previously a project finance consultant and quant at Mercer Australia. His main clients were Macquarie Bank, Babcock & Brown, JP Morgan, ABN AMRO and RBS.
